WARSAW CITY

Warsaw (Polish: Warszawa; see also other names) is the capital and largest city of Poland. It is located on the Vistula River, in east-central Poland, roughly 260 kilometres (160 mi) from the Baltic Sea and 300 kilometres (190 mi) from the Carpathian Mountains. Its population is estimated at 1.740 million residents within a greater metropolitan area of 2.666 million residents, which makes Warsaw the 9th most populous capital city in the European Union. The city limits cover 516.9 square kilometres (199.6 sq mi), while the metropolitan area covers 6,100.43 square kilometres (2,355.39 sq mi).

Etymology and names

Warsaw's name in the Polish language is Warszawa - pronounced Varshava - (also formerly spelled Warszewa and Warszowa), meaning "belonging to Warsz", Warsz being a shortened form of the masculine name of Slavic origin Warcistaw; see also etymology of Wrocław. Folk etymology attributes the city name to a fisherman, Wars, and his wife, Sawa. According to legend, Sawa was a mermaid living in the Vistula River with whom Wars fell in love. Actually, Warsz was a 12th/13th-century nobleman who owned a village located at the site of today's Mariensztat neighbourhood. The official city name in full is *miasto stołeczne Warszawa* (English: "The Capital City of Warsaw"). A native or resident of Warsaw is known as a Varsovian - in Polish *warszawiak* (male), *warszawianka* (female), *warszawiacy* (plural). Other names for Warsaw include Varsovia (Latin), Varsovie (French), Warschau (German), וואַרשע/Varshet (Yiddish), Варшава/Varshava (Russian, Bulgarian, Belorussian, Ukrainian), Varšuva (Lithuanian), Varsó (Hungarian).
